The purpose of this Part 2 shall be to improve and promote the health, safety and general welfare of the community by establishing traffic regulations within parking areas, apartment

complexes, supermarkets and any other private property devoted to public use and access. The Village Board of Trustees finds that improper parking on certain private properties open to the public may impede the accessibility of fire apparatus in fighting any potential fires on private property. The purpose of this Part 2 is to keep fire lanes open, so as to make private property accessible to Fire Department and emergency service apparatus.

§ 202-41. Definitions.

As used in this Part 2, the following words shall have the following meanings:

FIRE LANE — A passageway or roadway along which Fire Department equipment, fire-fighting apparatus and emergency service apparatus may gain access to private property to fight fires or give aid.

OBSTRUCTION — The prevention or hindrance of free movement along or over a fire lane through some means other than a parked vehicle.

PARK — The standing or halting of a vehicle, whether occupied or not, other than temporarily for the purpose of and while actually engaged in loading or unloading.

PERSON — Every natural person, firm, copartnership, association or corporation.

VEHICLE — Every device in, upon or by which any person or property is or may be transported or carried.

§ 202-42. Establishment and designation.

Fire lanes shall be established and designated by resolution of the Village Board of Trustees, pursuant to such specifications as may be given by the Village Fire Marshal. The Village Fire Marshal shall weigh all factors as to the advisability of fire lanes, including but not limited to facts and circumstances disclosed in communications with landowners.

§ 202-43. Schedule established.

For the purpose of maintaining an accurate record of fire lanes designated and established under the provisions of this Part 2, there is hereby established a system of schedules set forth in § 202-47 of this Part 2, in which shall be entered a description of all fire lanes adopted.

§ 202-44. Signs.

Signs shall be installed, together with other markings as may be deemed necessary and proper by the Board of Trustees to mark and designate fire lanes, and in accord with applicable standards of the New York State Manual of Uniform Traffic Control Devices.

§ 202-45. Parking prohibited; penalties for offenses.
